

# What is Your REAL COST to use Microsoft Office?

The Answer is: **MORE THAN YOU THINK**

## Consider Microsoft's Office Software License Policy:

- \$ New PC - requires new Office license.
- \$ Replacement PC – requires new Office license.
- \$ Version upgrade to 2010 – requires new Office license (version upgrade licenses are no longer available).
- \$ Office licenses go unused during workforce downsizing.

How to reduce your company's Total Cost of Ownership  
to use Microsoft Office  
AND improve employee productivity?

**HERE IS THE SECRET:**

## MICROSOFT OFFICE SUBSCRIPTION

- **Transfer rights** to another PC – **YES**
- **Transfer rights** to a replacement PC - **YES**
- **Upgrade rights** to new versions – **YES**
- **Downgrade rights** to a previous version - **YES**
- **Upsize or downsize** subscriptions #, annually.
- **Spread license payment** over three years.
- **Free copy for home use** - **YES**

Microsoft offers subscription licenses for a wide variety of server and client software. Ask QLAN Corporation how your company may maximize Microsoft license savings.

Microsoft Office subscription licenses are available only through Microsoft Small Business Specialist Partners.

Contact QLAN Corporation to evaluate your TCO reduction for Microsoft Office use.
